VOLANTE UNDERWRITING SWEDEN AB

Our offering to the Nordic Market

VOLANTE UNDERWRITING SWEDEN AB AND LLOYD'S

Volante Underwriting Sweden AB is a service company that is part of the Volante group of companies. We are an insurance intermediary, regulated by Finansinspektionen - the Swedish financial supervisory authority. We have authority to enter into contracts of (re)insurance on behalf of Lloyd's Insurance Company S.A. ("Lloyd's Europe"). We also do business on behalf of other insurers. When we offer insurance products to you (the policyholder) we will make sure we tell you which insurer will underwrite the policy.

Lloyd's Europe is a subsidiary of Lloyd's and is authorised by the National Bank of Belgium. Lloyd's financial rating is A+ (Strong) from Standard & Poor's.

We insure businesses only and have very few restrictions on what we can insure. We write combined business insurance for small and medium sized companies and separate property, casualty, and financial lines programs for larger and more complex operations.

SERVICE

Our "unique selling point" is an outstanding level of service to brokers and clients. Our state-of-the-art IT-systems are well adapted to suit the requirements of the Nordic market and make administration and distribution easy. Under normal conditions all policy documentation will be sent out within 48h from a firm order.

CLAIMS HANDLING

Volante Underwriting Sweden have assigned the independent third-party claims adjuster Sedgwick Sweden AB to handle our claims. This ensures unbiased, objective, and fair claims handling. For larger losses, an independent claims handler will recommend procedures or settlements, but final decisions will be taken by Lloyd's Europe and Volante Underwriting Sweden in co-operation.

OUR STAFF

Volante Underwriting Sweden is staffed by skilled professionals with more than 100 years' combined experience in the insurance industry including senior and managerial positions from both local and international insurance companies and broker houses.
